I Wonder

Why do the ducklings follow Mama Duck?

What does Mama help them learn?

How do the ducklings grow braver step by step?

Who helps you learn new things?

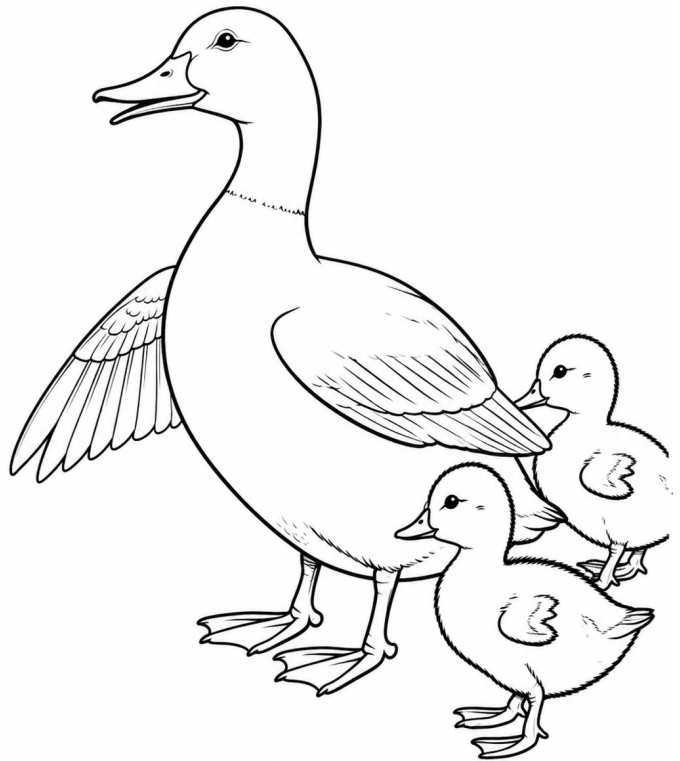

Try It Together

Walk slowly in a little line.

Take one small step.

Then another.

Say: **“Step by step, I can learn.”**

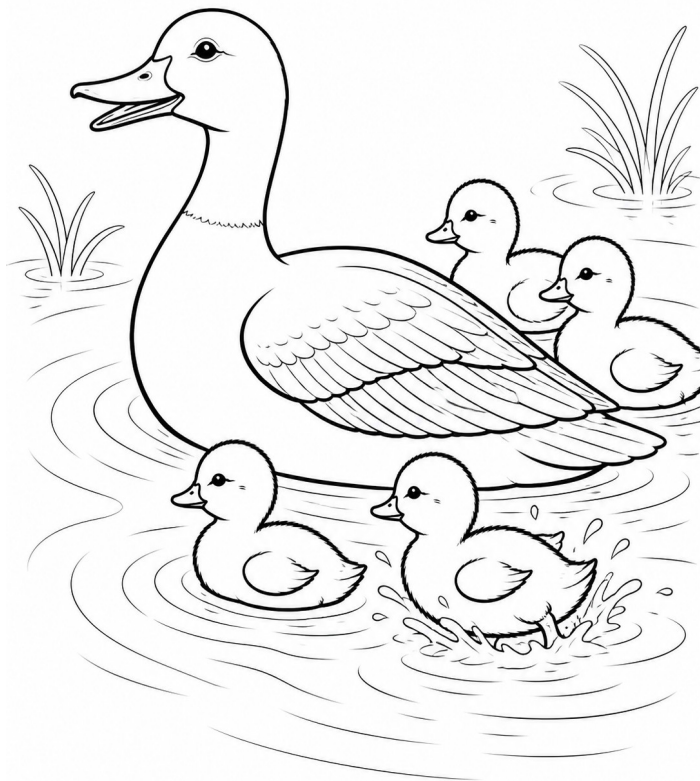

For Parents

Children grow through safe repetition.

Following, copying, trying, and trying again are how small bodies learn big skills.

This story is about guidance without pressure.
